ABOUT US

CONTENTS

EiRA TEK was established in the year 2015, headquartered at New Delhi. It is the floorwalker in high quality computer peripherals and accessories, CCTV accessories and Lifestyle products.

It was launched under the guidance of our insightful, perceptive, talented, farsighted leader, Mr. Vishal Jindal with the idea of providing exceptionally cool and innovative products.

He named it "EiRA TEK" which is derived from two words "EiRA", a welsh word meaning snow/cool and "TEK", an abbreviation used for technology. The company's flagship brand is "EiRA".

Our mission is to provide cutting-edge technology products which help in making life easier and at affordable prices.
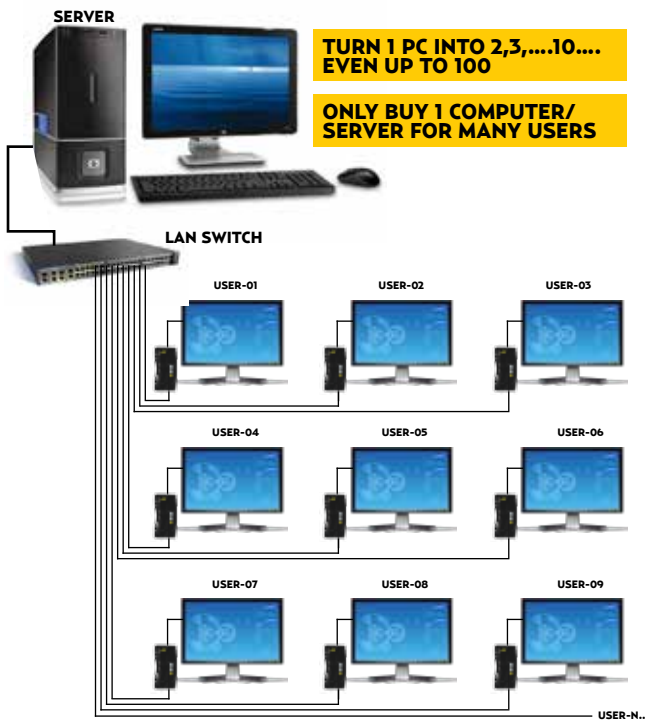

We have a team of highly motivated individuals who can tackle most of the problems and come up with workable solutions.

E-WASTE Management

▶ (E-WASTE POLICY)

We at **EiRA TEK** understand that the E-Waste (electrical and electronic waste) is one of the fastest growing waste streams in the world and there is a need to recycle end-of-life discarded products to save resources and minimize landfill.

We understand that our responsibility doesn't end at selling you our products. As part of the e-waste recycling initiative, EiRA Tek will comply with all the applicable laws related to E-Waste management Rules 2016 and as amended by E-Waste (Management) Amendment Rules, 2018.

EiRA TEK reaffirms its commitment to environmental protection by ensuring proper disposal of e-waste. For the same, we have tied-up with one of the leading and authorised e-waste recyclers namely **Greenscape Eco Management Private Limited,** India's largest E- waste recycling company for facilitating our customers to enable them to dispose-off e-waste products after its end-of-life.

We seek shared responsibility and cooperation from customers in reducing the environmental impact of end of life electronic products. Customers are requested to carry these and drop it at the nearest E-Waste collection center.

PROCEDURE FOR HANDLING E-WASTES:
Only authorized recyclers are authorised to handle Electronic e-wastes generated after end of life. To make consumers aware about handling of e- wastes. Consumer must follow Do's and Don'ts as mentioned below:

DO'S & DON'TS
DO'S:
» Always look for information on the website of authorised recyclers with your product for end-of-life equipment handling.
» Ensure that only Authorized Recyclers/ Dismantler handle your electronic (i.e. Computer parts and accessories) products
» Always call at our toll-free No's to Dispose products that have reached end-of life
» Always drop your used electronic products, batteries or any accessories when they reach the end of their life at your nearest Authorized E-Waste Collection Points.
» Always disconnect the battery from product and ensure any glass surface is protected against breakage.

DON'TS:
• Do not dismantle your electronic Products on your own
• Do not throw electronics in bins having "Do not Dispose" sign.
• Do not give e-waste to informal and unorganized sectors like Local Scrap Dealer/ Rag Pickers.
• Do not dispose your product in garbage bins along with municipal waste that ultimately reaches landfills.

The importance of the crossed wheeled bin logo below:
This symbol appearing in any product indicates that when the end-user wishes to discard this product, it must be sent to separate collection facilities for recovery and recycling. By separating this product from other household-type waste, the volume of waste sent to incinerators or land-fills will be reduced and natural resources will thus be conserved.
