

PCIe x4 NGFF SSD Card (1BKEY + 1MKEY) ER1033

Product Highlights:

- This card is 2 in 1 NGFF SSD Converter, Supports PCIe to NGFF SSD and SATA to NGFF SSD at the same time.
- This 2-port M.2 SSD adapter card is one of the only cards that supports both PCIe and SATA-based M.2 SSDs (solid-state drives). It is a versatile way to expand the overall storage capacity of your desktop PC or server.
- SATA on the motherboard is connected to the SSD of the NGFF B Key
- The PCIe on the motherboard is connected to the SSD of the NGFF M Key
- Supports NGFF SSDs in the 2230, 2242, 2260, 2280 and 22110 module formats
- **One NGFF M.2 B Key and NGFF M.2 M Key** interface are available
- 4 screw holes 2230/2242/2260/2280 can be used to secure NGFF SSD cards to the PCB Board
- Easy to install without driver

PCIe x4 NGFF SSD Card (1BKEY + 1MKEY) ER1033

Technical Specifications:

Brand	EiRA
SKU Code	ER1033
Product model	PCIe x4 NGFF SSD Card (1BKEY + 1MKEY)
Small/Low Profile Bracket	Provided
PCIe Specification Revision	PCIe 1.0
SATA Specification Revision	SATA 3.2
PCI-Express Transfer Rate	Up to 6.0Gb/s
Input Bus Interface	PCIe x4 or x8 or x16
Output Interface	PCIe to NGFF SSD and SATA to NGFF SSD (1B KEY + 1M Key)
Power Supply	3.3V
Weight	14.5 g
System supported	Windows 10,8.1,8,7, Vista, XP,2000, NT 4.0, Server 2003 Linux kernel 2.6 or later, DOS
Warranty*	1 year
