Product Highlights:

- The USB-C 5-in-1 multi-function docking station provides USB-A, Type-C, HDMI, and RJ45 ports, which can easily and safely connect your laptop to various peripheral devices and solve the problem of scarcity of notebook interfaces. RJ45 Ethernet port allows you to access the wired network stably and conveniently; Type-C interface supports PD3.0 quick charging protocol, which can not only connect the external power adapter to power your laptop but also charge your mobile phone at any time; HDMI interface output video supports 4K 60Hz ultra high definition; USB-A interface can connect external USB devices such as mouse, keyboard, U disk, camera, etc.
- **4K HDMI Port:** Add a HDMI monitor to your laptop and extend viewing workspace for a more complete visual experience. The USB-C 5-in-1 4K Multiport Converter lets you directly stream 4K@30Hz or full HD 1080p video to HDTV, monitor or projector for an astonishing video experience. No drivers are needed when adding a HDMI monitor for a simple Plug-n-Play Installation.
- **USB-C to LAN:** This all-in-one converter also brings 10/100 Mbps RJ45 Ethernet capability to your computer enabling you to connect to your LAN for robust data bandwidth and increased security. When Wi-Fi networks are slow or unsecured, this is the perfect solution to get the job done.
- **USB Type-A Expansion Port:** Extends 1 x USB3.0 and 1 x USB2.0 ports which enables data transfer up to 5 Gbps and 480 Mbps respectively. Two USB-A ports allow you to connect your current USB devices to MacBook Pro or other Type-C Devices. No need to purchase new peripherals to work with your new USB-C laptop, connect your legacy peripherals like your keyboard, mouse, printer, scanner, HDD etc. When not using this as an expansion port, you can charge your mobile device while you work.
- **USB-C Female Power Charging Pass-Thru:** There is no need to worry about running out of power while using your USB-C port. Connect your laptops original USB-C charger to the multiport converter and charge your laptop while you work or play.
- **Special Design & finish:** Made up of Aluminium Casing which makes it strong, durable and gives it a high-quality surface finish, which will be a perfect companion for your laptop.
- **Plug-n-play** for hassle-free installation.
- No External power requirements.
- **Broad Compatibility:** Compatible with Windows XP/Vista/7/8/8.1/10/11, Mac OS, Linux, Chrome OS.
