

HDMI 4K Cable - 20m ER1135

Product Picture

Product Highlights / Features

- **High Speed Performance** – HDMI 1.4V supports a **10.2Gbps high-speed data rate**, ensuring stable signal transmission with clear picture and sound quality. Higher bandwidth enables smooth video playback and reliable audio performance for home and professional AV setups.
- **Resolution**– Supports Ultra HD 4K@30Hz (3840 × 2160), delivering up to 4 times the clarity of Full HD 1080p. Also supports 3D display formats for immersive entertainment.
- **Ethernet & Audio Return Channel (ARC)**– Built-in HDMI Ethernet Channel and ARC eliminate the need for extra network and audio cables, simplifying installations and enabling clean cable management while transferring high-definition audio and video signals.
- **Connectors**– Features **corrosion-resistant 24K gold-plated connectors** for maximum conductivity, reduced signal loss, and long-lasting durability, ensuring excellent picture and sound quality.
- **Multi-Layered Shielding**– Triple shielding minimizes electromagnetic interference (EMI) and signal degradation, delivering superior picture clarity, stable audio.
- **Compatibility**– Fully compatible with Windows and macOS systems and backward compatible with earlier HDMI versions. Works seamlessly with all HDMI-enabled devices.

Application Industry

- Commercial AV & digital signage (malls, airports, video walls)
- Corporate & conference rooms
- Education (classrooms, auditoriums)
- Hotels & hospitality
- Events & exhibitions
- Home theatres (long runs)

Technical Specifications

Brand	EiRA
SKU Code	ER1135
Product Name	HDMI 4K Cable - 20m
Colour	Black
HDMI Version	1.4
AWG	24
Outer Diameter (OD)	9.0 mm
Cable Length	20 meters
Maximum Resolution	4K @ 30Hz (3840 × 2160)
Bandwidth	10.2 Gbps High-Speed Data Rate
HDR Support	Yes
ARC (Audio Return Channel)	Yes
Ethernet Support	High Speed HDMI with Ethernet
Connectors	*A to A, male to Male 19+1 pin
	*24K Gold Plated connector
	*PVC Overmold
Shielding	Triple braiding shielding with PVC jacket
3D Support	Yes
Ultra HD Support	3D / 4K Ultra HD
