

## 2.5 SATA to USB 3.2 Gen 2 Casing (10 Gbps) ER1216UC25

### Product Overview

Upgrade your storage experience with the **EIRA 2.5 SATA to USB 3.2 Gen 2 Casing (10Gbps)**, designed for speed, reliability, and style. Constructed with a **premium aluminium alloy shell**, this casing not only looks sleek but also ensures efficient heat dissipation, keeping your drives cool even during heavy use.

With **USB 3.2 Gen2 support**, enjoy blazing-fast transfer speeds of **up to 10Gbps**, making file transfers, backups, and media access faster than ever. The casing is compatible with **2.5" SATA I/II/III HDDs and SSDs**, supporting capacities **up to 4TB**, giving you plenty of room for all your important files.

Setup is effortless thanks to **plug-and-play functionality**—no external power is required. Plus, it supports **hot swapping**, so you can attach or remove drives without restarting your system.

The casing is fully optimized for **UASP 9.5mm SATA drives**, ensuring smoother, faster performance for SSDs and HDDs alike.

A **special LED indicator** provides clear visual feedback for drive activity, while the included **USB Type-C to Type-A cable with connector** ensures compatibility with a wide range of devices. Whether you're using Windows (2000 through 11) or macOS X, this casing works seamlessly across platforms.

Ideal for professionals, gamers, and anyone needing reliable, portable storage, the ER1216UC25 combines speed, durability, and convenience in one stylish package. Transform your hard drives into fast, portable storage without compromise.
